International Motors, LLC / SUPPLIER INVOICING REQUIREMENTS

General

This invoicing requirement guide is applicable to paper invoices that are billed to or sold to International Motors, LLC, Inc or any of its operating subsidiaries. Distinct invoice mailing addresses are utilized to expedite processing of the various invoices types (direct material, service, and indirect material) and/or International Motors, LLC operations where goods and services are received. Invoices must be legible and contain sufficient information on required invoice data fields as provided in these instructions.

Requirements for EDI-810 Electronic Service Parts Invoices are covered in International Motors, LLC's Electronic Invoice Business Process Guides and Implementation Guide, and EDI requirements for invoices processed by ERS (Evaluated Receipt Settlement) are both available through International Motors, LLC's EDI Central Office, in Lisle, IL, or International Motors, LLC's web site. <http://www.navistarsupplier.com>

Invoice Status Portal

With International Motors, LLC's new Invoice Status Portal, the customer will now be able to get answers to their invoice processing and payment inquiries online through the InvoiceInfo vendor self-service invoice status portal. The address for the Portal is <https://Navistar.invoiceinfo.com>

Direct Material Invoices

Direct Material invoices should be an exact replication of the International Motors, LLC part numbers and quantities as supplied on your Advanced Shipping Notice (ASN). Therefore, a supplier cannot submit multiple Bill of Lading (BOL) on an invoice. Invoices must be created for one BOL (shipment). If the supplier's system does not allow for one invoice to be created per ASN (a complete shipment), individual invoices can be created. However, multiple shipments, ASN's, or BOL's are not permitted on the same invoice. Additional charges on direct material invoices for items other than material must be authorized on your International Motors, LLC contract. Charges for freight on direct material invoices are not allowed and are governed by the 'Routing Matrix' in International Motors, LLC's carrier routing policy (CTDR-1).

Service Invoices

Service invoices should be an exact replication of the International Motors, LLC part numbers and quantities as received on International Motors, LLC's purchase order. *A separate invoice is required for each purchase order on direct ship invoices.* Multiple purchase orders handled by a single shipment can be combined on invoices for shipments to International Motors, LLC's PDC (Parts Distribution Centers) or Packagers. If multiple purchase orders are used, ensure they are listed in the detail of the invoice for the appropriate line item and quantity. Additional charges on service invoices for items other than material must be authorized on your International Motors, LLC contract. Charges for freight on service invoices to PDC's and Packagers are not allowed and are governed by the 'Routing Matrix' in International Motors, LLC's carrier routing policy (CTDR-1). Freight charges for direct ship invoices are governed by their specific direct ship program. Returnable containers per International Motors, LLC's Form D-13, Packing and Shipping Standard are not permitted for Service Parts invoices. **Shipments to the Queretaro PDC must be have the correct Bill To/ Mail To/ Sold To address on the invoices. Invoices cannot be submitted EDI-810. All invoices for Mexico shipments by suppliers outside of Mexico must be sent by e-mail to SPIVendors@Navistar.com.** All shipments received by the Mexico PDC from Mexico local suppliers must be submitted via the International Portal Application. Invoice information must be submitted in XML and PDF.

Bill To/Sold To/Invoice To Names

In order to comply with U.S., Canadian and Mexican regulatory laws, it is essential that the correct "Bill To/Sold To/Invoice To" company name for **International Motors, LLC** be used on the invoice that corresponds with the country or operation where the material is being shipped.

Bill To/Sold To/Invoice To Names to use for shipments to International Motors, LLC's U.S. Operations:

International Motors, LLC use for all U.S. operations except for the following:

IC Bus of Oklahoma, LLC use for the Tulsa, OK. bus assembly plant.

International Big Bore Diesels, LLC use for Big Bore engine plant in Huntsville, AL.

International Motors, LLC C/O Supplier Based Tooling, use for tooling invoices (PO # beginning with 09900-XXXXXXXXXX only)

International Motors, LLC / SUPPLIER INVOICING REQUIREMENTS

Bill To/Sold To/Invoice To Name to use for shipments to International Motors, LLC's Canadian Operations:
International Motors Canada ULC use for all Canadian operations.

Bill To/Sold To/Invoice To Name to use for shipments to International's Production Mexico Operations in Escobedo:
INTERNATIONAL MOTORS MEXICO CV, S. DE R.L. DE C.V., use for International's subsidiary and must include Mexico's required governmental tax identification number: R.F.C.: **CMI-950920-TR8**.

CMI-950920-TR8

Mailing Addresses for Invoice Processing

Most production and services invoices are processed for payment by International Accounting Center. Listed below are the invoice mailing addresses for invoices processed. These mailing addresses can be substituted for the "Bill To/Sold To/Invoice To" legal address as long as you use the applicable company name per the prior page with these addresses. The Mexico company names must also include their governmental tax identification number. Failure to comply with these requirements may prevent International from processing your invoices in a timely manner.

Direct Ship String*	N/A	N/A	R

Definition of Invoice Fields, Data Content and Format

Invoice Number

Identifying number assigned by supplier on document identifying goods sold to purchaser. Best practice is to use the SID number or an all-numeric number without lead zeros or any special characters within the invoice number.

Invoice Date

Date the Invoice was created or date of goods shipped.

Ship Date

Date the goods were shipped to a International Motors, LLC shipping address.

Bill To/Sold To Address

Depending on the International Motors, LLC business entity you are selling to, use the corresponding Bill To/Sold To address for that International Motors, LLC business corporation.

Supplier Code & Pay Point

Five-digit numeric code assigned by International Motors, LLC Purchasing plus two-digit pay point that is always 'AX'. The pay point is used to identify the address for mailing remittance payments to. Recommend that the placement of the supplier code and pay point (seven consecutive characters) be part of the billing name on the invoice, (i.e. International Motors, LLC, Inc. 12345AX). Other options are an additional billing address line or placement at the beginning of the invoice body detail.

International Motors, LLC / SUPPLIER INVOICING REQUIREMENTS

Purchase Order/Contract Number

International Motors, LLC purchase order or contract number provided with order of material. For Service Parts invoices you must always provide the purchase order number.

Ship to Address

Receiving point where International Motors, LLC takes possession of goods. Includes International Motors, LLC manufacturing plants, parts distribution centers (PDC), designated freight consolidator or packager and International Motors, LLC dealers on direct ship invoices. Refer to International Motors, LLC's Form D-13, Supplier Packing and Shipping Standard for complete addresses of International Motors, LLC's manufacturing plants, PDC's, contract freight consolidators and packagers.

International Motors, LLC Part Number

International Motors, LLC assigned part number for direct material parts, returnable containers, service parts and direct ship program parts. Do not include your part number with International Motors, LLC's part number on the invoice.

Quantity Shipped

Total quantity shipped for each International Motors, LLC part number line on the invoice. Do not include back order quantities. Quantities should be counted by the International Motors, LLC contract unit price of the part.

Unit of Measure

Set by the International Motors, LLC contract price for the part. Unit prices can be 'E' or 'EA' for each, 'C' per hundred, 'M' per thousand, 'FT' per foot or 'LB' per pound.

Unit Price

Set by the International Motors, LLC contract price for the part as defined by the unit of measure in the contract. Unit prices should not be truncated to two decimal places on the invoice as contract prices are established at four decimal places. Doing so creates the possibility of out of balance invoices.

Extended Price

Provide for each part number line on the invoice the quantity times the unit price.

Freight, Taxes, Special Charges

Provide a separate line identifying these types of charges. Freight, per contract terms is normally F.O.B. seller's plant, freight collect and should not be billed on the invoice. All other acceptable charges must be reference with a purchase order or contract number that specifically authorizes the charge.

Total Quantity Shipped

Applicable to Service Parts invoices only. Summary total of all part number quantities billed on the invoice.

Total Invoice Amount

Total amount of all charges on the invoice including applicable taxes, authorized freight and other charges.

Bill of Lading

Applicable to direct material invoices only. Use the same bill of lading number as used on your ASN. Do not use an abbreviated or shortened version of the bill of lading number on the invoice. It must be identical to the one used on your ASN.

Direct Ship String*

This string of data is applicable to invoices for Service Parts for the following order types: Quick Ship orders, D series orders (Ford Dealers), C series orders (Critical-Dealer only), and Replenishment orders (Dealers only). *A single invoice is required for each shipment per purchase order on all invoices for dealer locations.* Invoices with multiple purchase orders or with returns/credits on them cannot be accepted. There are four types of dealer purchase orders. All orders are shipped direct to the dealer. The 'direct ship string' is best displayed on the invoice at the beginning of the detail body section. The components of the Direct Ship String are the dealer PDC/Ship-to code, the dealer's order number, and International Motors, LLC' purchase order. Display the separation of the string's three data components with spaces or dashes (example: 07811234-12345-R56789).

International Motors, LLC / SUPPLIER INVOICING REQUIREMENTS

Four Purchase Order Types Requiring the Direct Ship String:

1. Quick Ship- Orders placed by International Motors, LLC dealers directly with the supplier that uses a 'Blanket' purchase order number. This is a 6 position purchase order that begins with an R (US), Z (US), or P (Canada).
2. D series- orders using '00D' series number, shipping to a Ford dealer location.
3. Critical- orders using a 'C' series number and can be shipping to either a dealer or PDC/PKG location. This is a nine-digit purchase order number, beginning with two leading zeros.
4. Replenishment- orders are mostly for shipments to PDC's and packagers, but can be used on a drop ship basis when a International Motors, LLC PDC is out of stock). This is a 9-digit purchase order number.

Blanket Purchase Order – The direct ship string consists of the following information.

1. Blanket P.O.: six-digit number that starts with a 'P', 'R', or 'Z' (i.e. Z12345).
2. Ship-to-code, three-digit PDC code followed by a four-digit dealer ship to code. Display the separation of the two numbers with a hyphen or space (i.e. 770-1234).
3. Dealer order number, assigned by dealer to identify their order. This must be required when accepting an order from the dealer. This number can be any mixture of characters, up to twelve positions in length.

D Series Purchase Order – The direct ship string consists of the following information.

1. Purchase Order: nine-digit number that starts with 00D (i.e. 800012345 or 00D).
2. Ship-to-code: three-digit PDC code followed by a four-digit dealer ship to code. Display the separation of the two numbers with a hyphen or space (i.e. 770-1234).
3. Dealer order number: assigned by dealer to identify their order. This must be required when accepting an order from the dealer. This number can be any mixture of characters, up to twelve positions in length.

Critical Purchase Order – The direct ship string consist of the following information.

1. Critical P.O: nine-digit number that starts with '00C' (i.e. 00C123456).
2. Ship-to-code: three-digit PDC code followed by a four-digit dealer ship to code. Display the separation of the two numbers with a hyphen or space (i.e. 770-1234).
3. Dealer order number: assigned by dealer to identify their order. This must be required when accepting an order from the dealer. This number can be any mixture of characters, up to twelve positions in length.

Replenishment Purchase Order – The direct ship string consists of the following information.

1. Oracle P.O.: nine-digit all numeric number (i.e. 3001234567).
2. Ship-to-code: three-digit PDC code followed by a four-digit dealer ship to code. Display the separation of the two numbers with a hyphen or space (i.e. 770-1234).
3. Dealer order number: assigned by dealer to identify their order. This must be required when accepting an order from the dealer. This number can be any mixture of characters, up to twelve positions in length.

Additional notes on invoices pertaining to specific International Motors, LLC facilities and invoice processes

Huntsville, AL,– Zipp, Perez, and ODW are Third Party Receivers for Engine plants. They provide suppliers with their ASN numbers when they ship the material to the Engine plants. Suppliers have to use the Third Party's ASN numbers, not the suppliers ASN number used to ship to the Third party.

Escobedo Assembly Plant for International – All shipments from U.S. and Canadian suppliers **must** go through the customs broker, Gonzales de Castilla in Laredo, TX. Invoices, packing slips and bill of lading must accompany the shipment and be faxed (Fax: 240-539-4041) to the broker (Tel: 956-722-5207) prior to them receiving the shipment in Laredo, TX. Original invoices sent for payment processing cannot be faxed or reprints of the invoice. We are required by Mexican Law to have the original. If you cannot provide the original invoice, please provide a notarized copy signed by the legal representative of your organization, and then **mail** the invoice. Mexican suppliers that ship to the Escobedo assembly plant must use the Mexican addresses on the invoice as provided below in the Ship-To-Address list.

International Motors, LLC / SUPPLIER INVOICING REQUIREMENTS

Mexico Local Payables – Portal Submission

All shipments received by Escobedo Assembly Plant from Mexico local suppliers must be submitted via the International Portal Application: <https://navistarextranet.com.mx/RFE/Home/IndexProvedor>. Invoice information must be submitted in XML and PDF.

All Indirect Material invoices must also be submitted via the International Portal Application: <https://navistarextranet.com.mx/RFE/Home/IndexProvedor>. Invoice information must be submitted in XML and PDF.

All shipments received by NFCX from Mexico local suppliers must be submitted via the International Portal Application: <https://navistarextranet.com.mx/RFE/Home/IndexProvedor>. Invoice information must be submitted in XML and PDF.

Mexico, Parts Distribution Center (PDC) – All shipments from U.S. and Canadian suppliers **must** go through the customs broker, Gonzales de Castilla in Laredo, TX. Invoices, packing slips and bill of lading must accompany the shipment and be faxed (Fax: 240-539-4041) to the broker (Tel: 956-722-5207) prior to them receiving the shipment in Laredo, TX. Suppliers located in Mexico **that ship to the Queretaro Parts Distribution Center must submit** invoices via the International Portal Application. **These invoices are forwarded for final invoice processing and then paid from Mexico.**

ERS¹ – Engine plants in Big Bore in Huntsville, AL; Truck assembly plants in Springfield, OH; San Antonio, TX; Escobedo, Mexico; Tulsa, OK; Rollins 3PL,; West Point; MS (Navistar Defense) are doing ERS (**E**valuated **R**eceipt **S**ettlement) invoicing with their suppliers. Please refer to International Motors, LLC's web site. <http://www.navistarsupplier.com> about our ERS processes. FootNote¹: No hard copies of invoices are mailed for ERS.
