

Customs Invoicing Instructions for Suppliers Shipping to:

**International Motors, LLC
International Motors Mexico CV, S. de R.L. de C.V.
International Parts Distribution, S. de R.L. de C.V.
International Motors Canada ULC**

Customs Invoicing Instructions [PR-38]		Document Number: PUR-4003
Written by: Renata Rocha		Revision: 10
Reviewed/ Approved by: 		Revision Date: October 20th, 2025
		- 1 -
This Document Applies to: <input checked="" type="checkbox"/> Truck <input checked="" type="checkbox"/> Engine <input checked="" type="checkbox"/> Service Parts		

FORWARD

The purpose of this publication is to communicate to suppliers to International Motors - **U.S., Canada, Mexico**, and the **International Parts Distribution Centers** the various Customs documentation and distribution requirements. These instructions cover direct and indirect shipments (i.e. consolidation center) to **International Motor, LLC**, **International Canada ULC**, International **Motors Mexico CV, S. DE R.L. DE C.V.**, and the **International Parts Distribution** facilities.

ORGANIZATION

These instructions are divided by shipped from country (Canada, U.S., Mexico & all countries outside of North America) and include appendices with document examples. Please refer to the section/s which pertain/s to your shipping location/s.

While this organization results in some duplication of material, it provides the convenience of only having to focus on the one country section for your shipping location, plus the appendix.

NOTE

While information contained herein is intended to provide guidance on the preparation and distribution of shipping documents for Customs purposes, suppliers are required to exercise **reasonable care** in gathering updated information in order to abide by each government's compliance regulations. This information is provided to be a helpful tool. Please advise if any errors are detected. It is the supplier's responsibility to know and comply with any unique law or statute.

MAINTENANCE PROCEDURE

The dynamics of the global regulatory environment mandates changes to our procedures from time to time. Therefore, in the spirit of *shared responsibility*, we encourage all suppliers to submit written comments or recommended changes for consideration in the next revision to:

International Motors, Inc.
Attn: Renata Rocha
Import/Export Director
2701 International Drive
Lisle, IL 60532 USA
E-mail : renata.rocha@International.com
Phone : +1(331) 332-2531

International Motors, Inc.
Attn : Shannon Fox
Import/Export Senior Manager

---	--

**International Motors, LLC.
CUSTOMS INVOICING INSTRUCTIONS, (PR-38)**

In order to ensure the use of an authorized Customs broker, the following must be typed in the body of the bill of lading or on the airway bill for each shipment:

"U.S. CUSTOMS CLEARANCE BY BUCKLAND"

1.1.3 Special Customs Invoice Instructions

(a) Incoterm & Named Place

Purchases are typically subject to INCOTERM FCA – Supplier's Dock (as established with International Motors 's Supply Manager in each individual case), INCOTERMS 2020. FCA & the appropriate named place or other agreed upon terms must be included on the invoice.

(b) Racks & Containers

The part numbers of reusable containers and racks must be declared on export invoice along with one of the following statements:

- "Containers are returnable." The invoice should reflect a fair market value/reusable container or rack.
- "Containers are non-returnable and costs are included in selling price."
- "Containers are non-returnable, and costs are not included in selling price." Container price must be provided on the invoice.

If the racks or containers are International Motors owned, contact or his back-up, mike.priaulx@InternationalSupplier.com for country of origin & value.

(c) Invoice Quality

In order to meet U.S. Customs' stringent invoicing requirements and avoid delays in transit, it is imperative that suppliers prepare a complete and accurate list of the actual cargo being shipped. To facilitate this process, complete instructions can be found in Appendix A and on the www.InternationalSupplier.com portal under Supplier Guidelines, Terms & Conditions, then click on the link to Customs Export Invoice Templates. There will be an Excel template to populate with another tab containing field by field definitions and resource references.

Note that when exporting engines &/or vehicles, the engine's serial number must be declared on the invoice.

(d) Direct vs. Indirect Shipments

When preparing the commercial invoice, the "ship to" address must reflect the physical destination of the goods. For example, a Canadian supplier may be selling material to the U.S. Company with an ultimate destination of Springfield, OH. This material may be routed through a consolidation center. Per 1.1.1, Ryder will advise.

(e) Advance Shipping Number

For shipments to International Motors facilities in Mexico, Canada & the U.S. from suppliers in Mexico, Canada & the U.S.: an ASN (Advance Shipping Notice Number) must be included on the invoice.

(f) Parties to the Transaction

When selling & shipping to International Motors in the U.S.:

**International Motors, LLC.
CUSTOMS INVOICING INSTRUCTIONS, (PR-38)**

- International Motors, Inc. 2701 Internatioanl Dr, Lisle, IL 60532 is the **buyer/purchaser**.
- International Motors, Inc. PO Box 59007, Knoxville, TN37950-9007 is the **remit to party**.
- International Motors, Inc. Springfield, Tulsa, Huntsville, etc is the **ship to or consignee**.

1.1.4 Country of Origin Marking

Every article, or its container, entering the United States must be marked with the country of origin/manufacture in English. The marking must be in a conspicuous place as legibly, indelibly and permanently as the nature of the article will allow. This is required to inform the ultimate purchaser of the country of origin. It must also be stated on the shipping invoice.

There are two groups of purchases that are distinct from a country of origin marking perspective. They are:

- Manufacturing/Assembly Operations
- Service/Aftermarket

Material purchased for a manufacturing/assembly operation is usually bulk-packed in returnable containers. The containers must be marked/tagged with the country of origin of the parts and the individual parts should be marked, when feasible.

Material purchased for service/aftermarket use must be marked with the country of origin at the time of import, and if packaged for resale, the packaging itself must be marked. The country of origin marking rules require that the country of origin font be of the same size or larger and in close proximity to any other reference to a city, state and/or country.

1.1.5 Documentation and Distribution Requirements

(Less-Than-Truckload (LTL), Truckload (TL), Railroad & Parcel Routing

The following summarizes the required documents and their method of distribution:

- One (1) copy of the packing list
- One (1) copy of the bill of lading
- Two (2) copies of the commercial invoice

These documents are to be placed in a sealed envelope and marked "For Presentation to Livingston International, Inc." The envelope is to move with the shipment by attaching it to the carrier copy of the bill of lading.

Under no circumstances are shipments to leave your facility without the above documents.

1.1.6 Container and Trailer Security

International Motors participates in the U.S. Customs – Industry joint initiative called the "Customs-Trade Partnership Against Terrorism," ("C-TPAT"). In accordance with C-TPAT requirements, all shipments must be sealed to protect against the introduction of unauthorized material and/or persons. At the point-of-loading, procedures must be in place to maintain the integrity of the shipping containers and trailers. A high security

**International Motors, LLC.
CUSTOMS INVOICING INSTRUCTIONS, (PR-38)**

seal must be affixed to all loaded containers and trailers bound for the U.S. All seals must meet or exceed the current PAS ISO 17712 standard for high security seals.

1.2 Shipments From Canada to Mexican Destinations

1.2.1 Routing & Logistics

Due to the increase in the U.S. tariffs in 2025 in-bond transit should be utilized whenever possible. The following process should be followed:

Courier Shipments:

Insert the explanations

Truck Shipments:

- Transportation selects the bonded carrier.
- Contact Buckland Canada to open the T&E (Transportation and Export) bond.
- Carrier transports the goods through the U.S. to Laredo, TX.
- Carrier notifies Buckland U.S. Laredo in advance of arrival.
- Buckland closes the bond.
- Importing into Mexico.

For routing & logistics support, please go to www.Internatioanlsupplier.com and click on the link for logistics questions and information or call 800-323-4338 for assistance from International Motors's partner, Ryder

1.2.2 Authorized Mexican Customs Broker

All Canadian ground shipments destined for Mexico must stop in Laredo, Texas, to initiate the U.S. export and Mexican Customs clearance process.

(a) **New suppliers** must contact the International Motors Mexico CV Foreign Trade group at europurgentimports@international.com prior to the first shipment destined to Mexico to receive instructions on which broker is to be used for their shipments. The two authorized brokers are:

i. Buckland Global Trade Services
10302 Interstate 35 Frontage Rd.
Laredo TX 78045
Phone: 956 724-4463
Internationalmx@buckland.com
[Internationaldocs@buckland.com \(ONLY documents\)](mailto:Internationaldocs@buckland.com)

ii. Gonzalez de Castilla Inc.
11929 Sara Road
Laredo, TX 78045
Phone: 956 722 5207
mario.palomo@gdec.info (International Motors Mexico)
rodolfo.flores@gdec.info (International Parts Distribution)

**International Motors, LLC.
CUSTOMS INVOICING INSTRUCTIONS, (PR-38)**

(b) For Air Shipments:

- i. Regular Shipments: Airfreight from the Canada to any of our facilities in Mexico should land in Laredo, TX for truck transport the remainder of the delivery. These are exported out of the U.S. and imported into MX by the Authorized Mexican Customs Brokers mentioned above according to shipping instructions provided by International Motors Global Logistics.
- ii. Hot Shipments/Charters: Airfreight moving from the U.S. and Canada should go to Monterrey's International Airport or Ramos Arizpe Airport. International Motors Global Logistics and suppliers must contact the International Motors Mexico CV Foreign Trade group at eapurgentimports@Internatioanl.com prior the air shipment set up. These are cleared by NAD Global Brokerage.

(c) LTL, FTL shipments:

Those shipments are according to the regular process established as the point 1.2.2 for the custom broker used to cross the border into Mexico.

1.2.3 Special Customs Invoice Instructions

(a) Incoterm & Named Place

Purchases are typically subject to INCOTERM FCA – Supplier's Dock or Port of Export (as established with International Motors's Supply Manager in each individual case), INCOTERMS 2020. FCA & the appropriate named place or other agreed upon terms must be included on the invoice.

(b) Racks & Containers

Part number of reusable containers and racks must be declared on commercial invoice along with one of the following statements:

- “Containers are returnable.”
 - If the receiving location is an IMMEX or bonded warehouse as International Motors Mexico is, the invoice should reflect a value of \$1.00 USD/reusable container or rack.
 - If the receiving location is not an IMMEX company, which is International Parts Distribution in Querétaro, the invoice should reflect the fair market value/reusable container or rack.
- “Containers are non-returnable and costs are included in selling price.”
- “Containers are non-returnable and costs are not included in selling price.” Container/rack price must be provided on the invoice.

If the racks or containers are International Motors owned, Contact or his back-up, mike.priaulx@Internatioanl.com for country of origin & value.

(c) Invoice Quality

To comply with Mexican Customs' stringent requirements and avoid delays, suppliers must prepare a complete and accurate list of the cargo being shipped. To facilitate this process, instructions can be found in APPENDIX A and on the www.Internatioanlsupplier.com portal under Supplier Guidelines, Terms &

**International Motors, LLC.
CUSTOMS INVOICING INSTRUCTIONS, (PR-38)**

Conditions, then click on the link to Customs Export Invoice Templates. There will be an Excel template to populate with another tab containing field by field definitions and resource references.

Note that when exporting engines &/or vehicles, the engine's serial & VIN number must be declared on the invoice.

(d) Advance Shipping Number

For shipments to International Motors facilities in Mexico, an ASN (Advance Shipping Notice) number must be included on the invoice and and / or packing list. ONLY applies for Line 1/11, Line 2/65 & Line 016. The asn number must be the commercial invoice number or BOL number and must be one asn per line.

(e) Line 1, Line 2, Line 016 or TSC Distinction

The 011/Line 1 065/Line 2 or Line 016 or TSC should be noted after the company name in the "Ship To" field of the invoice.

Note: TSC orders are manual purchase orders pertaining to a specific department within International Motors Mexico CV. To ensure these parts are not mixed with other shipments, TSC shipments should have the following added to the invoice and its envelope. "TSC MATERIAL - Attn: Materiales Planning Coordinator." In addition, the TSC purchase order number must be included on the invoice. TSC Packing Lists, Commercial Invoices, and Bills of Lading should be emailed to Internationaldocs@buckland.com see point 1.2.5

(f) Material Identification

Suppliers must identify material according to D13 in to www.InternationalSupplier.com

Document	Publication	Rev

1.2.4 Names & Addresses for Invoicing Purposes

When preparing the Customs invoice, the "Ship to" address must reflect the physical flow of the goods. All direct & indirect shipments destined to any of our Mexican subsidiaries must stop in Laredo, TX.

For Direct Materials (EDI/ERS/Manual), please invoice "011/ International Motors Mexico CV Line 1" "065/ International Motors Mexico CV Line 2" or Line 016 separate invoices and include the line reference in the "Ship To" section of the invoice

**International Motors, LLC.
CUSTOMS INVOICING INSTRUCTIONS, (PR-38)**

(a) For all the shipments, please use the corresponding “**Ship to**” being sure to insert the 011/Line 1 or 065/Line 2 or Line 016 or the Truck Specialty Center (TSC) or International Parts Distribution (IPD) after the company name as appropriate:

<p>International Parts Distribution S.de R.L C.V. c/o Gonzalez De Castilla, Inc. 11929 Sara Rd Laredo, TX 78045 Phone: (956) 722-5207</p>	<p>International Motors Mexico CV S. de R.L. de C.V. 0 /Line c/o Buckland Global Trade Services 10302 Interstate 35 Frontage Rd. 1.2.5 Documentation and Distribution Requirements

Less-Than-Truckload (LTL), Truckload (TL), Parcel & Air

The following summarizes the required documents and their method of distribution:

- Three (3) copies (per destination) of the **Packing List/Slip – with a Quick Receive Label** affixed to the pack list
- One (1) **Master Bill of Lading** summarizing multi-destination shipments, including bill of lading number, date, consignee, carrier name, weight & pieces for each destination
- One (1) copy of the **Bill of Lading** for each destination (TSC, IPD and International Motors México CV are considered as distinct destinations)

**International Motors, LLC.
CUSTOMS INVOICING INSTRUCTIONS, (PR-38)**

- Four (4) copies of the **Commercial Invoice/s**

The above documents are to be placed in a sealed envelope and marked "For Presentation to _____
Customs Brokers .

The envelope is to move with the shipment by attaching it to the carrier's copy of the bill of lading.

Additionally, a complete set of documents must be emailed or faxed or emailed to the corresponding brokerage office per Section 2.2.2 of this document. With the subject: Supplier name + number of BOL

The following summarizes their method of distribution:

- **For the Carrier - In a sealed envelope** Two (2) **Packing Lists** and Two (2) copies of the **Commercial Invoice** stapled to the One (1) **Master Bill of Lading or Bill of Lading**
- **With the Freight - One (1) Packing List** and Two (2) **Commercial Invoices** placed on the freight in a brightly colored envelope marked clearly "Packing List". The envelope must be fastened to the outside of the last container loaded of every shipment so that it is readily available when the trailer is opened.

Under no circumstances is a shipment to leave your facility without the above documents.

All these rules apply to the Fixed Asset coming to International Mexico.

1.2.6 Container and Trailer Security

In accordance with C-TPAT requirements, all shipments [Less-Than-Truckloads (LTL) and Full Truckloads (FTL)] must be sealed to protect against the introduction of unauthorized material and/or persons.

The manufacturer/Shipper shall be responsible for the sealed container/trailer until the carrier assumes control. Seals are to be affixed at manufacturer point of origin (loading). Seals are to be of the high security type as per ISO guidelines (ISO/PSA 17712, Freight Containers-Mechanical Seals).

**International Motors, LLC.
CUSTOMS INVOICING INSTRUCTIONS, (PR-38)**

2.0 U.S. Suppliers

2.1 Shipments to Canadian Destinations

2.1.1 Routing & Logistics

For routing & logistics support, please go to www.Internatioanlsupplier.com and click on the link for logistics questions and information or call 800-323-4338 for assistance from International Motors's partner, Ryder

2.1.2 Authorized Canadian Customs Broker

(a) **Parts & Vehicle Shipments** - All U.S. shipments are to clear Canadian Customs at the first port of entry into Canada. In order to ensure the authorized Customs broker is used, the following note must be typed in the body of the bill of lading or on the airway bill:

“CANADIAN CUSTOMS CLEARANCE BY BUCKLAND CUSTOMS BROKERS LTD.”

All shipments to Canada for International Motors are coordinated through Buckland located at:

2085 Industrial Dr., Suite 100
Windsor, Ontario, Canada
N9C 3R7
Phone: 1-866-966-9359 or (519) 966-9359
Fax: 1-866-966-4836 or (519) 966-4836
Email: opswo@buckland.com

Sub-agents change from time to time at other ports of entry. If there is any doubt regarding clearance instructions or location, please contact Buckland Customs Brokers for instructions.

For further, general information on Buckland Customs Brokers go to:
<https://www.buckland.com>

(b) **Returns of Reusable Containers & Racks** - All U.S. shipments are to clear Canadian Customs at the first port of entry into Canada. In order to ensure the authorized Customs broker is utilized, the following note must be typed in the body of the bill of lading or on the airway bill:

“CANADIAN CUSTOMS CLEARANCE BY LIVINGSTON INTERNATIONAL, INC.”

Carriers or drivers must provide PARS information to the broker at least three hours prior to arrival. A coversheet for this transmission is found here:
[\(https://www.livingstonintl.com/form/coversheet-canadian-imports/\)](https://www.livingstonintl.com/form/coversheet-canadian-imports/)

PARS status checks are to be directed to PARS Call Centre @ 1-866-548-7277 or
www.parstracker.com

For issues/inquiries for the Release Group please email Release Team Fort Erie @
releaseteamforterie@livingstonintl.com

Should your email not relate to any of the above, you can email cst49895@livingstonintl.com
Phone 1-888-871-4999 ask for someone on Team 95 Monday to Friday 9am to 5pm.

2.1.3 Special Customs Invoice Instructions

(a) Incoterm & Named Place

Purchases are typically subject to INCOTERM FCA – Supplier's Dock or Port of Export (as established with International Motors's Supply Manager in each individual case), INCOTERMS 2020. FCA & the appropriate named place or other agreed upon terms must be included on the invoice.

Unless otherwise instructed, all transactions sold to International Motors Canada ULC will be cleared in International Motors Canada's name.

(b) Racks & Containers

The part numbers of reusable containers and racks must be declared on export invoice along with one of the following statements:

- “Containers are returnable.” The invoice should reflect a fair market value/reusable container or rack.
- “Containers are non-returnable, and costs are included in selling price.”
- “Containers are non-returnable, and costs are not included in selling price.” Container price must be provided on the invoice.

If the racks or containers are International Motors owned, contact or his back-up, Kim.Jones@international.com for country of origin & value.

(c) Invoice Quality

In order to meet Canada Customs' stringent invoicing requirements and avoid delays in transit, it is imperative that suppliers prepare a complete and accurate list of the actual cargo being shipped. To facilitate this process, refer to the following website:

<http://www.cbsa-asfc.gc.ca/publications/form-formularies/ci1-eng.html>

Note that when exporting engines &/or vehicles, the engine's serial number must be declared on the invoice.

Canada Customs has implemented the Administrative Monetary Penalty System (AMPS) whereby penalties are assessed for inaccurate or incomplete data. Penalties resulting from supplier error will be billed back to the offending suppliers.

(d) Advance Shipping Number

For shipments to International Motors facilities in Mexico, Canada & the U.S. from suppliers in Mexico, Canada & the U.S., an ASN (Advance Shipping Notice Number) must be included on the invoice.

(e) Parties to the Transaction

When selling to International Motors Canada ULC:

- International Motors Canada ULC, 5500 North Service Road, Suite 401, Burlington, Ontario L7L 6W6 is the sold to/buyer/purchaser.
- International Motors, Inc. PO Box 59007, Knoxville, TN37950-9007 is the remit to party.
- The International Hannon or Edmonton warehouse or a dealer may be the ship to or consignee.

2.1.4 Country of Origin Marking:

Every article entering Canada, or its container, must be marked with the country of origin/manufacture. The marking must be in a conspicuous place as legibly, indelibly and permanently as the nature of the article will allow. This is required to inform the ultimate purchaser of the country of origin.

There are two kinds of purchases that are distinct from a country of origin marking perspective:

- Manufacturing/Assembly Operations
- Service/Aftermarket

Material purchased for a manufacturing/assembly operation is usually bulk-packed in returnable containers. The containers must be marked/tagged with the country of origin of the parts and the individual parts should be marked, when feasible.

Material purchased for service/aftermarket use must be marked with the country of origin at the time of import, and if packaged for resale, the packaging itself must be marked. Country of origin marking rules require that the country of origin font be in the same size or larger and in close proximity to any reference to another city and state or province. Commercial invoices must also have the origin stated on them.

2.1.5 Direct vs. Indirect Shipments

When preparing the commercial invoice, the “**Ship to**” address must reflect the physical flow of the goods. For example, an U.S. supplier may be selling material to the Canadian Company with an ultimate destination of the Hannon, ON PDC. Per 2.1.1, please contact Ryder for routing instructions.

2.1.6 Documentation and Distribution Requirements

Less-Than-Truckload (LTL), Truckload (TL), Parcel & Air

The following summarizes the required documents and their method of distribution:

- One (1) copy of the packing list
- One (1) copy of the bill of lading
- Four (4) copies of the commercial invoice

The above documents are to be placed in a sealed envelope and marked “*For Presentation to Buckland Customs Brokers Ltd.*” (Or, “*For Presentation to Livingston International Customs Brokerage*” as the case may be.) The envelope is to move with the shipment by attaching it to the carrier’s copy of the bill of lading.

Under no circumstances is a shipment to leave your facility without the above documents.

Additionally, a complete set of documents must be emailed or faxed or emailed to the corresponding brokerage office per Section 2.21 of this document. **It must also include the shipping or pro number (PARS).**

2.2 Shipments From the United States to Mexican Destinations

2.2.1 Routing & Logistics

All U.S. ground shipments destined for Mexico must stop in Laredo, Texas, to initiate the U.S. export and Mexican Customs clearance processes.

**International Motors, LLC.
CUSTOMS INVOICING INSTRUCTIONS, (PR-38)**

For routing & logistics support, please go to www.Internatioanlsupplier.com and click on the link for logistics questions and information or call 800-323-4338 for assistance from International Motors's partner, Ryder.

2.2.2 Authorized U.S. Export Filing Agent & Mexican Customs Broker

(d) **New suppliers** must contact the International Motors Mexico CV Foreign Trade group at eapurgentimports@International.com prior to the first shipment destined to Mexico to receive instructions on which broker to use. All U.S. ground shipments are to have AES transmissions submitted by a U.S. forwarder (either the supplier's forwarder or one of the following) and Mexican Customs documentation prepared by one of the following:

- i. Buckland Global Trade Services
10302 Interstate 35 Frontage Rd.
Laredo TX 78045
Phone: 956 724-4463
Internationalmx@buckland.com
[Internationaldocs@buckland.com \(ONLY documents\)](mailto:Internationaldocs@buckland.com)

- ii. Gonzalez de Castilla Inc.
11929 Sara Road
Laredo, TX 78045
Phone: 956 722 5207
mario.palomo@gdec.info (International Motors Mexico)
rodolfo.flores@gdec.info (International Parts Distribution)

(e) For Air Shipments:

- i. Regular Shipments: Airfreight from the U.S. to any of our facilities in Mexico should land in Laredo, TX for truck transport the remainder of the delivery. These are exported out of the U.S. and imported into MX by the Authorized U.S. Forwarders/Mexican Customs Brokers mentioned above according to shipping instructions provided by International Motors Global Logistics.

- ii. Hot Shipments/Charters: International Mexico Materials' and Foreign Trade team will provide instructions where the flight should land in Laredo, TX, USA or in airport in Mexico (Monterrey's International Airport or Ramos Arizpe Aiport). International Global Logistics and Suppliers must contact the International Mexico Foreign Trade group at eapurgentimports@International.com prior the air shipment set up. The U.S. forwarder will need to file the AES transmission. These shipments are cleared through Mexican Customs by Customs Broker NAD Global and documents must be sent to them. Please contact International Mexico Foreign Trade team.

(f) LTL, FTL shipments:

Those shipments are according to the regular process established as the point 2.2.2 for the custom broker used to cross the border into Mexico.

Under no circumstances are shipments to leave your facility without the above documents.

2.2.3 Special Customs Invoice Instructions

(a) Incoterm & Named Place

Purchases are typically subject to INCOTERM FCA – Supplier’s Dock (as established with International Motors’s Supply Manager in each individual case), INCOTERMS 2020. FCA & the appropriate named place or other agreed upon terms must be included on the invoice.

(b) Racks & Containers

Part number of reusable containers and racks must be declared on commercial invoice along with one of the following statements:

- “Containers are returnable.”
If the receiving location is an IMMEX or bonded warehouse as International Motors Mexico is, the invoice should reflect a value of \$1.00 USD/reusable container or rack.
 - If the receiving location is not an IMMEX company, which is International Parts Distribution in Querétaro, the invoice should reflect the fair market value/reusable container or rack.
- “Containers are non-returnable and costs are included in selling price.”
- “Containers are non-returnable and costs are not included in selling price.” Container/rack price must be provided on the invoice.

If the racks or containers are International Motors owned, contact or his back-up, Kim.Jones@international.com for country of origin & value.

(c) Invoice Quality

In order to meet Mexican Customs’ stringent invoicing requirements and avoid delays in transit, it is imperative that suppliers prepare a complete and accurate list of the actual cargo being shipped. To facilitate this process, complete instructions with a sample invoice can be found in APPENDICES A and E, and on the www.internationalsupplier.com portal under Supplier Guidelines, Terms & Conditions, then click on the link to Customs Export Invoice Templates. There will be an Excel template to populate with another tab containing field by field definitions and resource references.

Note that when exporting engines &/or vehicles, the engine’s serial & VIN number must be declared on the invoice.

(d) Advance Shipping Number

For shipments to International Motors facilities in Mexico, an ASN (Advance Shipping Notice) number must be included on the invoice and and / or packing list. ONLY applies for Line 1/11, Line 2/65 & Line 016. The asn number must be the commercial invoice number or BOL number and must be one asn per line.

(e) Line 1, Line 2, Line 016 or TSC Distinction

The 011/Line 1 065/Line 2 or Line 016 or TSC should be noted after the company name in the “Ship To” field of the invoice.

**International Motors, LLC.
CUSTOMS INVOICING INSTRUCTIONS, (PR-38)**

Note: TSC orders are manual purchase orders pertaining to a specific department within International Motors Mexico CV. To ensure these parts are not mixed with other shipments, TSC shipments should have the following added to the invoice and its envelope. "TSC MATERIAL - Attn: Materiales Planning Coordinator." In addition, the TSC purchase order number must be included on the invoice. TSC Packing Lists, Commercial Invoices, and Bills of Lading should be emailed to Internationaldocs@buckland.com see point 2.2.2

(f) Material Identification

Suppliers must identify material according to D13 in to www.Internationalsupplier.com

The screenshot shows the homepage of the International Supplier Portal. At the top, there is a logo and the text "International Supplier Supplier Guidelines/Terms and conditions". Below the logo is a navigation bar with links: Home, PeopleSoft Supplier Portal, eSPEC, Supplier Scorecard, Supplier Portal-PDC Parts, Supplier Portal-Direct Ship Parts, and Supplier InvoiceInfo Portal. A large image of a semi-truck is on the right. The main content area is titled "Welcome to the iSupplier Portal Information site" and "Supplier Guidelines / Terms and Conditions". A table titled "Document" lists various guidelines with their publication dates and revision numbers. The table includes rows for Navistar Supplier Shipping Guidelines, Part Identification Approval Form, Standard Terms and Conditions, Standard Terms and Conditions (Services), Code of Conduct for Business Partners, Código de Conducta para Proveedores y Socios Comerciales - Spanish, Navistar Supplier Guidelines, Container Specification Form, and D-13 Supplier Packing and Shipping Standard.

Document	Publication	Rev
Navistar Supplier Shipping Guidelines	Apr 01, 2025	1.3
Part Identification Approval Form	June 30, 2021	1
Standard Terms and Conditions	June 11, 2025	22
Standard Terms and Conditions (Services)	October 01, 2024	4.2
Code of Conduct for Business Partners	July 12, 2023	1
Código de Conducta para Proveedores y Socios Comerciales - Spanish	January 24, 2025	1.7
Navistar Supplier Guidelines	January 24, 2025	1.7
Container Specification Form	November 18, 2024	1.11
D-13 Supplier Packing and Shipping Standard	February 22, 2024	24

2.2.4 Names & Addresses for Invoicing Purposes

When preparing the Customs invoice, the "ship to" address must reflect the physical flow of the goods. For U.S. suppliers shipping material to any of our Mexican subsidiaries, all direct and indirect shipments must stop in Laredo, TX.

For Direct Materials (EDI/ERS/Manual), please invoice "011/ International Motors Mexico CV Line 1" "065/ International Motors Mexico CV Line 2" or Line 016 separate invoices and include the line reference in the "Ship To" section of the invoice.

(e) For all the shipments, please use the corresponding "Ship to" being sure to insert the 011/Line 1 or 065/Line 2 or Line 016 or the Truck Specialty Center (TSC) or International Parts Distribution (IPD) after the company name as appropriate

International Parts Distribution S. de R.L. de C.V. c/o Gonzalez De Castilla, Inc. 11929 Sara Rd Laredo, TX 78045 Phone: (956) 722-5207	International Motors Mexico CV, S. de R.L. de C.V. 0__/Line __ c/o Buckland Global Trade Services 10302 Interstate 35 Frontage Rd. 2.2.5 Documentation and Distribution Requirements

Less-Than-Truckload (LTL), Truckload (TL), Parcel & Air

The following summarizes the required documents and their method of distribution:

- Three (3) copies (per destination) of the **Packing List/Slip – with a Quick Receive Label** affixed to the pack list
- One (1) **Master Bill of Lading** summarizing multi-destination shipments, including bill of lading number, date, consignee, carrier name, weight & pieces for each destination
- One (1) copy of the **Bill of Lading** for each destination (TSC, IPD and International Motors México CV are considered as distinct destinations)
- Four (4) copies of the **Commercial Invoice/s**

The above documents are to be placed in a sealed envelope and marked “*For Presentation to _____ Customs Brokers*”.

The envelope is to move with the shipment by attaching it to the carrier’s copy of the bill of lading.

Additionally, a complete set of documents must be emailed or faxed or emailed to the corresponding brokerage office per Section 2.2.2 of this document. With the subject: Supplier name + number of BOL

The following summarizes their method of distribution:

- **For the Carrier - In a sealed envelope** Two (2) **Packing Lists** and Two (2) copies of the **Commercial Invoice** stapled to the One (1) **Master Bill of Lading** or **Bill of Lading**
- **With the Freight - One (1) Packing List** and Two (2) **Commercial Invoices** placed on the freight in a brightly colored envelope marked clearly “**Packing List**”. The envelope must be fastened to the outside of the last container loaded of every shipment so that it is readily available when the trailer is opened.

Under no circumstances is a shipment to leave your facility without the above documents.

All these rules apply to the Fixed Asset coming to International Mexico.

**International Motors, LLC.
CUSTOMS INVOICING INSTRUCTIONS, (PR-38)**

2.2.6 Container and Trailer Security

In accordance with C-TPAT requirements, all shipments, [Less-Than-Truckloads (LTL) and Full Truckloads (FTL)], must be sealed to protect against the introduction of unauthorized material and/or persons.

The manufacturer/Shipper shall be responsible for the sealed container/trailer until the carrier assumes control. Seals are to be affixed at manufacturer point of origin (loading). Seals are to be of the high security type as per ISO guidelines (ISO/PSA 17712, Freight Containers-Mechanical Seals).

3.0 Mexican Suppliers

3.1 Routing & Logistics

For routing & logistics support, please go to www.Internatioanlsupplier.com and click on the link for logistics questions and information or call 800-323-4338 for assistance from International Motors's partner, Ryder.

3.2 Authorized Freight Forwarder

All shipments from suppliers located in Mexico (with destinations of United States or Canada), Mexican suppliers are instructed to ship to in care of International Motors's Customs broker in Laredo, TX.

- Ryder will arrange carriers for pickup. Supplier should contact Ryder and NOT the carrier.
- Subject to INCOTERM FCA – Supplier's Dock (or as established with International Motors's Supply Manager in each individual case).

3.3 Authorized Customs Brokers

Into the U.S.:

All suppliers located in Mexico must provide a copy of the shipment documentation to UPS for Customs clearance for shipments with U.S. destinations.

Contact: upsInternatioanlteam@ups.com
956-727-0758

Clarissa Hernández– Customs Broker Operations

Phone: 956- 693-5668
Cell: 915 412 0649
Email: chernandez13@ups.com

To ensure use of International Motors's broker, the following must be included on the bill of lading:

“U.S. Customs Clearance by UPS.”

Into Canada:

(a) All parts suppliers located in Mexico must provide a copy of the shipment documentation to Buckland for Canada Customs clearance for shipments with destination in Canada. Shipments are to clear Canadian Customs at the first port of entry into Canada. In order to ensure the authorized Customs broker is used, the following note must be typed in the body of the bill of lading or on the airway bill:

“CANADIAN CUSTOMS CLEARANCE BY **BUCKLAND CUSTOMS BROKERS LTD.**”

All shipments to Canada for International Motors are coordinated through Buckland located at:

2085 Industrial Dr., Suite 100
Windsor, Ontario, Canada
N9C 3R7
Phone: 1-866-966-9359 or (519) 966-9359
Fax: 1-866-966-4836 or (519) 966-4836
Email: opswo@buckland.com

**International Motors, LLC.
CUSTOMS INVOICING INSTRUCTIONS, (PR-38)**

Sub-agents change from time to time at other ports of entry. If there is any doubt regarding clearance instructions or location, please contact Buckland Customs Brokers for instructions.

For further, general information on Buckland Customs Brokers go to:
<https://www.buckland.com>

(b) Returns of Reusable Containers & Racks - To ensure the correct Customs broker is used, the following note must be typed in the body of the bill of lading or on the airway bill:

"CANADIAN CUSTOMS CLEARANCE BY LIVINGSTON INTERNATIONAL, INC."

Carriers or drivers must provide PARS information to the broker at least three hours prior to arrival. A coversheet for this transmission is found here:

[\(https://www.livingstonintl.com/form/coversheet-canadian-imports/\)](https://www.livingstonintl.com/form/coversheet-canadian-imports/)

Please contact Livingston at:

Phone: 1-888-871-4999, ask for team 95

Cst49895@livingstonintl.com

FAX: 1-866-548-4685

Shipment status: 1-866-548-7277

Out of MX: All suppliers in MX use their own broker for export clearance.

Into MX: Suppliers shipping from Mexican locations must notify the Mexico Foreign Trade Compliance Department in order to establish a process to fulfill Mexican Governmental requirements between the supplier's entity located in Mexico and the International Motors Mexico CV entity in Mexico.

Jose Alday, Mexico Foreign Trade Compliance Manager
+52 (81) 8154 2000 x2087
jose.alday@international.com

3.4 Special Customs Invoice Instructions

(a) Incoterm & Named Place

Purchases are typically subject to INCOTERM FCA – Supplier's Dock (or as established with International Motors's Supply Manager in each individual case), INCOTERMS 2020. FCA & the appropriate named place or other agreed upon terms must be included on the invoice.

(b) Racks & Containers

The part numbers of reusable containers and racks must be declared on export invoice along with one of the following statements:

- "Containers are returnable." The invoice should reflect a fair market value/reusable container or rack.
- "Containers are non-returnable and costs are included in selling price."
- "Containers are non-returnable and costs are not included in selling price." Container price must be provided on the invoice.

If the racks or containers are International Motors owned, contact or his back-up, Kim.Jones@international.com for country of origin & value.

(c) Invoice Quality

**International Motors, LLC.
CUSTOMS INVOICING INSTRUCTIONS, (PR-38)**

To fulfill Customs' stringent invoicing requirements and avoid delays in transit, it is imperative that suppliers prepare a complete and accurate list of the actual cargo being shipped. To facilitate this process, invoice instructions can be found in Appendix A and on the www.Internatioanlsupplier.com portal under Supplier Guidelines, Terms & Conditions, then click on the link to Customs Export Invoice Templates. There is an Excel template to populate with another tab containing field definitions and resource references.

Note that when exporting engines &/or vehicles, the engine's serial & VIN number must be declared on the invoice. In case to be material as an external sequence, the MRN should be declared on the invoice (Appendix D)

(d) Direct vs. Indirect Shipments

When preparing the commercial invoice, the “**Ship to**” address must reflect the physical destination of the goods. Some material may need to be routed through a consolidation center. Per 3.1, contact Ryder for routing instructions.

(i) Advance Shipping Number

For shipments to International Motors facilities in Mexico, Canada & the U.S. from suppliers in Mexico, Canada & the U.S., an ASN (Advance Shipping Notice) number must be included on the invoice and and / or packing list. The asn number must be the commercial invoice number or BOL number and must be one asn per line.

(f) Line 1, Line 2, Line 016 or TSC Distinction

The SAP, SATX, TULSA number of line (044, 002 & 014), 011/Line 1 065/Line 2 or Line 016 or TSC should be noted after the company name in the “Ship To” field of the invoice.

(g) Parties to the Transaction

When selling & shipping to International Motors in the U.S.:

- International Motors, Inc. 2701 Internatioanl Dr, Lisle, IL 60532 is the buyer/purchaser.
- International Motors, Inc. PO Box 59007, Knoxville, TN37950-9007 is the remit to party.
- International Motors, Inc. Springfield, Tulsa, Huntsville, San Antonio, etc is the ship to or consignee.

When selling to International Motors Canada ULC:

- International Motors Canada ULC, 5500 North Service Road, Suite 401, Burlington, Ontario L7L 6W6 is the sold to/buyer/purchaser.
- International Motors, Inc. PO Box 59007, Knoxville, TN37950-9007 is the remit to party.
- The International Hannon or Edmonton warehouse or a dealer may be the ship to or consignee.

3.5 Country of Origin Marking

Every article entering the United States or Canada, or its container, must be marked with the name of the country of origin/manufacture in English. The marking must be in a conspicuous place as legibly, indelibly and permanently as the nature of the article will allow. This is required to inform the ultimate purchaser of the country of origin. It must also be stated on the shipping invoice.

There are two groups of purchases that are distinct from a country of origin marking perspective:

**International Motors, LLC.
CUSTOMS INVOICING INSTRUCTIONS, (PR-38)**

- Manufacturing/Assembly Operations
- Service/Aftermarket

Material purchased for a manufacturing/assembly operation is usually bulk-packed in returnable containers. The containers must be marked/tagged with the country of origin of the parts and the individual parts should be marked, when feasible.

Material purchased for service/aftermarket use must be marked with the country of origin at the time of import, and if packaged for resale, the packaging itself must be marked. The country of origin marking rules require that the country of origin font be in the same size or larger and in close proximity to any other reference to a U.S. city and/or state.

3.6 Documentation and Distribution Requirements

(Less-Than-Truckload (LTL), Truckload (TL), Railroad & Parcel Routing

The following summarizes the required documents and their method of distribution:

- One (1) copy of the packing list
- One (1) copy of the bill of lading
- Two (2) copies of the commercial invoice

These documents are to be placed in a sealed envelope and marked "For Presentation to insert the appropriate broker's name per section 3.3" The envelope is to move with the shipment by attaching it to the carrier copy of the bill of lading.

Under no circumstances are shipments to leave your facility without the above documents.

3.7 Container and Trailer Security

In accordance with C-TPAT requirements, all shipments [Less-Than-Truckloads (LTL) and Full Truckloads (FTL)] must be sealed to protect against the introduction of unauthorized material and/or persons.

The manufacturer/Shipper shall be responsible for the sealed container/trailer until such a time as the carrier assumes control. Seals are to be affixed at manufacturer point of origin (loading). Seals will be of the high security type as per ISO guidelines (ISO/PSA 17712, Freight Containers-Mechanical Seals).

4.0 Global Suppliers

4.1 Global Supplier Shipments to U.S. Destinations

4.1.1 Routing & Logistics

For routing & logistics support, please go to www.internatioanlsupplier.com and click on the link for logistics questions and information or call 800-323-4338 for assistance from International Motors's partner, Ryder.

Irrespective of the shipment type, the invoicing instructions in this document must be followed to ensure a smooth JIT (Just In Time) logistics flow.

4.1.2 Authorized U.S. Customs Broker

All shipments are to clear U.S. Customs at the first port of entry into the U.S. The Customs broker contacts are:

Primary contact: Email box: NB_Incoming@buckland.com.
Primary Address 27215 Northline Rd Taylor, MI
Toll Free: 810-966-1480 ext. 8025

Primary contact: Sharlene Hillock, LCB, US CCS
Phone: 810 966-1480 Ext. 4037
Email: shillock@buckland.com

1st escalation contact - LIVE shipments: Breigh Stout , US CCS
Phone: 810-966-1480 Ext. 4060
Email: bstout@buckland.com

2nd escalation contact: Post Release Courtney Hauser, LCB, CCS
Phone: 810-966-1480 Ext. 4194
Mobile: 810-650-0477
Email: chauser1@buckland.com

To ensure the use of International Motors's authorized Customs broker, the following must be typed in the body of the bill of lading or on the airway bill for each shipment:

"U.S. CUSTOMS CLEARANCE BY BUCKLAND."

4.1.3 Special Customs Invoice Instructions

(a) Incoterm & Named Place

Purchases are typically subject to INCOTERM FCA – Supplier's Dock (or as established with International Motors's Supply Manager in each individual case), INCOTERMS 2020. FCA & the appropriate named place or other agreed upon terms must be included on the invoice.

(b) Racks & Containers

Part number of reusable containers and racks must be declared on commercial invoice along with one of the following statements:

- "Containers are returnable." The invoice should reflect the fair market value/reusable container or rack.
- "Containers are non-returnable, and costs are included in selling price."

**International Motors, LLC.
CUSTOMS INVOICING INSTRUCTIONS, (PR-38)**

- “Containers are non-returnable, and costs are not included in selling price.” Container/rack price must be provided on the invoice.

If the racks or containers are International Motors owned, contact <mailto:> or his back-up, Jones, Kim Kim.Jones@international.com for country of origin & value.

(c) Invoice Quality

To fulfill U.S. Customs’ stringent invoicing requirements and avoid delays in transit, it is imperative that suppliers prepare a complete and accurate list of the actual cargo being shipped. To facilitate this process, complete instructions can be found in APPENDIX A and on the www.internatioanlsupplier.com portal under Supplier Guidelines, Terms & Conditions, then click on the link to Customs Export Invoice Templates. There is an Excel template to populate with another tab containing field by field definitions and resource references.

Note that when exporting engines &/or vehicles, the engine’s serial & VIN number must be declared on the invoice.

(d) Direct vs. Indirect Shipments

When preparing the commercial invoice, the “**ship to**” address must reflect the physical destination of the goods. For example, a supplier may be selling material to the U.S. Company with an ultimate destination of Springfield, OH. This material may be routed through a consolidation center. Per 4.1.1, please contact Ryder, for specific instructions.

(e) Parties to the Transaction

When selling & shipping to International Motors in the U.S.:

- International Motors, Inc. 2701 International Dr, Lisle, IL 60532 is the buyer/purchaser.
- International Motors, Inc. PO Box 59007, Knoxville, TN37950-9007 is the remit to party.
- International Motors, Inc. Springfield, Tulsa, Huntsville, San Antonio, etc is the ship to or consignee.

4.1.4 Country of Origin Marking

Every article, or its container, entering the United States must be marked with the name of the country of origin in English. A marking of “EU” is not accepted as the EU consists of a union of countries. The marking must clearly identify a specific country. The marking must be in a conspicuous place as legibly, indelibly and permanently as the nature of the article will allow. This is required to inform the ultimate purchaser of the country of origin. It must also be stated on the shipping invoice.

There are two groups of purchases that are distinct from a country of origin marking perspective:

- Manufacturing/Assembly Operations
- Service/Aftermarket

Material purchased for a manufacturing/assembly operation is usually bulk-packed in returnable containers. The containers must be marked/tagged with the country of origin of the parts and the individual parts should be marked, when feasible.

Material purchased for service/aftermarket use must be marked with the country of origin at the time of import, and if packaged for resale, the packaging itself must be marked. The country of origin marking rules require that the country of origin font be in the same size or larger and in close proximity to any other reference to a U.S. city and/or state.

**International Motors, LLC.
CUSTOMS INVOICING INSTRUCTIONS, (PR-38)**

4.1.5 Documentation and Distribution Requirements

(a) Air or Ocean Routing

The following summarizes the required documents and their method of distribution:

- One (1) copy of the packing list
- One (1) copy of the bill of lading
- Two (2) copies of the commercial invoice

These documents are to be placed in a sealed envelope and marked "For Presentation to Buckland. The envelope is to move with the shipment by attaching it to the carrier copy of the bill of lading.

Under no circumstances are shipments to leave your facility without the above documents.

Additionally, a complete set of documents must be emailed to:

US Air Import Team: All communications and entry documents for US imports via Air or Ocean are emailed to this group email	AirUSImport@buckland.com
US Ocean Import Team: All communications and entry documents for US imports via Air or Ocean are emailed to this group email	OceanUSImport@buckland.com

or call 866-548-7277.

(b) Ocean Shipments – ISF

Per the Importer Security Filing (ISF) regulations, before ocean-bound merchandise may be imported into the United States, the importer or their agent, (the authorized Customs Broker, Livingston Int'l for International Motors), must submit certain information electronically to Customs & Border Protection (CBP). This electronic submission is known as the ISF. To reiterate, this filing is only required for vessel shipments; it is not required for cargo arriving by other modes.

Refer to Appendices G & H for the template and procedure to be used to transmit the requisite data elements. Also note the following:

- The ISF must be filed at the lowest bill of lading possible (i.e., at the house bill of lading level, if applicable).
- The filing must be made on the same day that cargo is booked; and **in no case later than 72 hours prior to loading the vessel** per International Motors's policy.
- For timing purposes – 12:01 a.m. EST is considered the start of the day.
- Saturdays, Sundays and U.S. federal holidays are not considered working days for this purpose.
Filings are to be emailed to Livingston Int'l, at ISF@buckland.com
- Late filings or erroneous data transmitted may result in monetary penalties assessed by CBP, increased inspections and the delay of cargo. Penalties will be charged back to the responsible party.

4.1.6 Container and Trailer Security

International Motors participates in the U.S. Customs – Industry joint initiative called the "Customs-Trade Partnership Against Terrorism," ("C-TPAT"). In accordance with C-TPAT

**International Motors, LLC.
CUSTOMS INVOICING INSTRUCTIONS, (PR-38)**

requirements, all shipments must be sealed to protect against the introduction of unauthorized material and/or persons.

The manufacturer/Shipper shall be responsible for the sealed container/trailer until such a time as the carrier assumes control. Seals are to be affixed at manufacturer point of origin (loading). Seals will be of the high security type as per ISO guidelines (ISO/PSA 17712, Freight Containers-Mechanical Seals).

4.2 Global Supplier Shipments to Mexican Destinations

4.2.1 Routing & Logistics

There are process differences when shipping to locations in Mexico, i.e. shipments may travel in-bond through the U.S. for export, or have a consumption entry prepared to enter U.S. commerce prior to export. The carrier informs the broker, prior to the shipment's departure of the manifested items, and the broker determines what type of entry should be made. (Add Livingston or Buckland, contact for FEDEX or parcel shipments (BSO process) & shipments by sea)

For routing & logistics support, please go to www.internationalsupplier.com and click on the link for logistics questions and information or call 800-323-4338 for assistance from International Motors's partner, Ryder.

4.2.2 Authorized Customs Brokers

(a) For Air, Ocean & Parcel Shipments Destined to Mexico Consolidated to the U.S.:

Buckland is the Customs Broker. The following summarizes the required documents and their method of distribution:

US Northern Border Truck and Rail Import Team: All communications and entry documents for US Northern Border imports from Canada are emailed to this group email	NB_Incoming@buckland.com 810-966-1480 ext. 8025
---	--

US Air Import Team: All communications and entry documents for US imports via Air or Ocean are emailed to this group email	AirUSImport@buckland.com 810-966-1480 ext. 8026
US Ocean Import Team: All communications and entry documents for US imports via Air or Ocean are emailed to this group email	OceanUSImport@buckland.com 810-966-1480 ext. 8026

US Charter / Hand carry AFTER HOURS URGENT Requests: All communications for URGENT AFTER-HOURS request for charter and hand carries should be emailed to this group email	charterus@buckland.com 810-966-1480 Ext 8026 during regular hours Press option 0 afterhours and advise assistance needed on urgent Hand Carry or Charter
---	--

**International Motors, LLC.
CUSTOMS INVOICING INSTRUCTIONS, (PR-38)**

US Air/Ocean Import Team: All communications and entry documents for US Air/Ocean imports emailed to this group email	ISF@buckland.com 810-966-1480 EXT
US Southern Border (Laredo): Send documents for US imports from Mexico via Truck to this group	blaredoops@buckland.com 956-724-4463 Ext. 8042

- Three (3) copies (per destination) of the **Packing List/Slip – with a Quick Receive Label** affixed to the pack list
- One (1) **Master Bill of Lading** summarizing multi-destination shipments, including bill of lading number, date, consignee, carrier name, weight & pieces for each destination
- One (1) copy of the **Bill of Lading** for each destination (TSC, IPD and International Motors México CV are considered as distinct destinations)
- Four (4) copies of the **Commercial Invoice/s**

These documents are to be placed in a sealed envelope and marked “For Presentation to Buckland” The envelope is to move with the shipment by attaching it to the carrier copy of the bill of lading or air waybill.

Ocean shipments to the U.S. have an Importer Security Filing requirement, for which Buckland is also responsible. Refer to section 4.1.5 (b) for the details about this requirement.

Under no circumstances are shipments to leave your facility without the above documents.

Additionally, a complete set of documents must be emailed to NB_Incoming@buckland.com or call 810-966-1480 ext. 8025

(b) For Ocean Shipments Destined to Mexico Consolidated to the U.S.:

International Motors's Mexico Materials' and Foreign Trade team will provide instructions according to the route and port of entry.

The customs broker to use for each port of entry is NAD Global.

Please contact International Mexico Foreign Trade to confirm instructions and contacts.

(c) For Critical Air Shipments Destined to Mexico:

International Mexico Materials' and Foreign Trade team will provide instructions where the flight should land in Laredo, TX, USA or in airport in Mexico

- i. Airfreight or charter landing in Laredo, TX is trucked the remainder of the delivery through Mexico. Each supplier will receive specific instructions by International Mexico Foreign Trade and Materials Planning groups on the broker to be used, after that, International USA Foreign Trade will confirm instructions about the process to follow to enter USA (point 4.2.2 a)

Also the documents for these shipments has to be sent to:

Buckland Global Trade Services (warehouse and Mexican customs broker)

10302 Interstate 35 Frontage Rd.

Laredo TX 78045

Phone: 956 724-4463

International@buckland.com

Internationaldocs@buckland.com (ONLY documents)

**International Motors, LLC.
CUSTOMS INVOICING INSTRUCTIONS, (PR-38)**

- ii. Airfreight or charter landing in Mexico. Each supplier will receive specific instructions by International Mexico Foreign Trade and Materials Planning groups on the broker and airport to be used.
The customs broker to use for Mexican airports is NAD Global.
Please contact International Mexico Foreign Trade Compliance to confirm instructions and contacts.
- iii. Parcel. This kind of shipment is an exception to the standard process, International Mexico Foreign Trade must confirm if a shipment can be dispatched by a Mexican airport and will provide instructions.

4.2.3 Special Customs Invoice Instructions

(a) Incoterm & Named Place

Purchases are typically subject to INCOTERM FCA – Supplier's Dock (or as established with International's Supply Manager in each individual case), INCOTERMS 2020. FCA & the appropriate named place or other agreed upon terms must be included on the invoice.

(b) Racks & Containers

Part number of reusable containers and racks must be declared on commercial invoice along with one of the following statements:

- “Containers are returnable.”
 - If the receiving location is an IMMEX or bonded warehouse as International Motors Mexico is, the invoice should reflect a value of \$1.00 USD/reusable container or rack.
 - If the receiving location is not a Mexican IMMEX company, (i.e. International Parts Distribution in Querétaro), the invoice should reflect the fair market value/reusable container or rack.
- “Containers are non-returnable and costs are included in selling price.”
- “Containers are non-returnable and costs are not included in selling price.” Container/rack price must be provided on the invoice.

If the racks or containers are International owned, contact or his back-up, Jones, Kim Kim.Jones@international.com for country of origin & value.

(c) Invoice Quality

To comply with Customs' stringent requirements and avoid delays, suppliers must prepare a complete and accurate invoice. To facilitate this process, instructions can be found in APPENDIX A and on the www.internatioanlsupplier.com portal under Supplier Guidelines, Terms & Conditions, then click on the link to Customs Export Invoice Templates. There will be an Excel template to populate with another tab containing field by field definitions and resource references.

Note that when exporting engines &/or vehicles, the engine's serial & VIN number must be declared on the invoice.

In case to be material as an external sequence the MRN should be declared on the invoice (Appendix D)

(d) Advance Shipping Number

For shipments to International Motors facilities in Mexico, an ASN (Advance Shipping Notice) number must be included on the invoice and and / or packing list. ONLY applies for Line 1/11,

**International Motors, LLC.
CUSTOMS INVOICING INSTRUCTIONS, (PR-38)**

Line 2/65 & Line 016. The asn number must be the commercial invoice number or BOL number and must be one asn per line.

(e) Line 1, Line 2, Line 016 or TSC Distinction

The 011/Line 1 065/Line 2 or Line 016 or TSC should be noted after the company name in the “Ship To” field of the invoice.

Note: TSC orders are manual purchase orders pertaining to a specific department within International Motors Mexico CV. To ensure these parts are not mixed with other shipments, TSC shipments should have the following added to the invoice and its envelope. “TSC MATERIAL - Attn: Materiales Planning Coordinator.” In addition, the TSC purchase order number must be included on the invoice. TSC Packing Lists, Commercial Invoices, and Bills of Lading should be emailed to Internatioanldocs@buckland.com

(f) Material Identification

Suppliers must identify material according to D13 shared in www.Internatioanlsupplier.com

The screenshot shows the homepage of the iSupplier Portal. At the top, there is a logo and the text "International Supplier Supplier Guidelines/Terms and conditions". Below the logo is a navigation bar with links: Home, PeopleSoft Supplier Portal, eSPEC, Supplier Scorecard, Supplier Portal-PDC Parts, Supplier Portal-Direct Ship Parts, Supplier InvoiceInfo Portal. To the right of the navigation bar is a photograph of a semi-truck. The main content area has a sidebar on the left with links: Announcements, Supplier Guidelines / Terms and Conditions, Parts Group, Indirect Procurement, Supply Chain, EDI, Engineering Tech Standards, Supplier Diversity, and Supplier Quality. The main content area displays a table titled "Welcome to the iSupplier Portal information site" with the following data:

Document	Publication	Rev

4.2.4 Documentation and Distribution Requirements

(a) Air, Ocean and Parcel shipments

The following summarizes the required documents in hard copy:

- Three (3) copies (per destination) of the **Packing List/Slip – with a Quick Receive Label** affixed to the pack list
- One (1) **Master Bill of Lading** summarizing multi-destination shipments, including bill of lading number, date, consignee, carrier name, weight & pieces for each destination
- One (1) copy of the **Bill of Lading** for each destination (TSC, IPD and International Motors México CV are considered as distinct destinations)
- Four (4) copies of the **Commercial Invoice/s**

The above documents are to be placed in a sealed envelope and marked *“For Presentation to Customs Brokers”*.

The envelope is to move with the shipment by attaching it to the carrier's copy of the bill of lading.

A complete commercial invoice, packing list and bill of landing must be emailed Buckland, or NAD Global (email addresses provided in 4.2.2.) depending on whether the shipment is considered regular or a hot shipment.

The following summarizes their method of distribution:

- **For the Carrier - In a sealed envelope** Two (2) **Packing Lists** and Two (2) copies of the **Commercial Invoice** stapled to the One (1) **Master Bill of Lading or Bill of Lading**
- **With the Freight - One (1) Packing List and Two (2) Commercial Invoices** placed on the freight in a brightly colored envelope marked clearly “Packing List”. The envelope must be fastened to the outside of the last container loaded of every shipment so that it is readily available when the trailer is opened.

Under no circumstances is a shipment to leave your facility without the above documents.

All these rules apply to the Fixed Asset coming to International Mexico.

4.2.6 Container and Trailer Security

In accordance with C-TPAT requirements, all shipments must be sealed to protect against the introduction of unauthorized material and/or persons. The manufacturer/Shipper shall be responsible for the sealed container/trailer until such a time as the carrier assumes control. Seals are to be affixed at manufacturer point of origin (loading). Seals will be of the high security type as per ISO guidelines (ISO/PSA 17712, Freight Containers-Mechanical Seals).

4.3 Shipments to Canadian Destinations

4.3.1 Routing & Logistics

For routing & logistics support, please go to www.Internatioanlsupplier.com and click on the link for logistics questions and information or call 800-323-4338 for assistance from International Motors's partner, Ryder.

Irrespective of the shipment type, the invoicing instructions in this document must be followed to ensure a smooth JIT (Just In Time) logistics flow.

4.3.2 Authorized Canadian Customs Brokers

**International Motors, LLC.
CUSTOMS INVOICING INSTRUCTIONS, (PR-38)**

All shipments are to clear Canadian Customs at the first port of entry into Canada. In order to ensure the authorized Customs broker is used, the following note must be typed in the body of the Cargo Control Document, bill of lading or on the airway bill:

(a) Importer is International Motors Canada ULC, Inc

“CANADIAN CUSTOMS CLEARANCE BY BUCKLAND CUSTOMS BROKERS LTD.”

All shipments to Canada for International Motors Canada are coordinated through Buckland's Windsor Office. Buckland can be reached at the Ambassador Bridge, Suite 254 in Windsor, Ontario:

Phone: 1-866-966-9359

Fax: 1-866-966-4836

bucklandwo@bucklandcustoms.com

Sub-agents change from time to time at other ports of entry. If there is any doubt regarding clearance instructions or location, please contact Buckland Customs Brokers for instructions.

For further, general information on Buckland Customs Brokers go to: <https://www.buckland.com>

(b) Importer is International Motors, Inc or ND Defense, LLC (as the case may be)

“CANADIAN CUSTOMS CLEARANCE BY BUCKLAND US CUSTOMS SERVICE”

All shipments to Canada for International Motors, Inc. and ND Defense are coordinated through Buckland US Customs Service. The group assigned to International Motors is NB_Incoming@buckland.com
810-966-1480 ext. 8025

4.3.3 Special Customs Invoice Instructions

(a) Incoterm & Named Place

Purchases are typically subject to INCOTERM FCA – Supplier's Dock (or as established with International Motors's Supply Manager in each individual case), INCOTERMS 2020. FCA & the appropriate named place or other agreed upon terms must be included on the invoice.

(b) Racks & Containers

The part numbers of reusable containers and racks must be declared on export invoice along with one of the following statements:

- “Containers are returnable.” The invoice should reflect a fair market value/reusable container or rack.
- “Containers are non-returnable and costs are included in selling price.”
- “Containers are non-returnable and costs are not included in selling price.” Container price must be provided on the invoice.

If the racks or containers are International Motors owned, contact or his back-up, Jones, Kim Kim.Jones@international.com for country of origin & value.

(c) Invoice Quality

In order to meet Canada Customs' stringent invoicing requirements and avoid delays in transit, it is imperative that suppliers prepare a complete and accurate list of the actual cargo being shipped. To facilitate this process, refer to the following website:

<http://www.cbsa-asfc.gc.ca/publications/form-formularies/ci1-eng.html>

Note that when exporting engines &/or vehicles, the engine's serial number must be declared on the invoice.

**International Motors, LLC.
CUSTOMS INVOICING INSTRUCTIONS, (PR-38)**

Canada Border Services Agency has implemented the Administrative Monetary Penalty System (AMPS) whereby penalties are assessed for inaccurate or incomplete data. Penalties resulting from supplier error will be billed back to the offending suppliers.

(d) Pre-Alerts

For shipments to Canadian facilities from outside North America, suppliers do not need to provide an ASN, as pre-alerts are required from the forwarder or carrier.

(e) Parties to the Transaction

When selling to International Motors Canada ULC:

- International Motors Canada ULC, 5500 North Service Road, Suite 401, Burlington, Ontario L7L 6W6 is the sold to/buyer/purchaser.
- International Motors, Inc. PO Box 59007, Knoxville, TN37950-9007 is the remit to party.
- The International Hannon or Edmonton warehouse or a dealer may be the ship to or consignee.

4.3.4 Country of Origin Marking:

Every article entering Canada, or its container, must be marked with the country of origin in English. The marking must be in a conspicuous place as legibly, indelibly and permanently as the nature of the article will allow. This is required to inform the ultimate purchaser of the country of origin.

There are two groups of purchases that are distinct from a country of origin marking perspective. They are:

- Manufacturing/Assembly Operations
- Service/Aftermarket

Material purchased for a manufacturing/assembly operation is usually bulk-packed in returnable containers. The containers must be marked/tagged with the country of origin of the parts and the individual parts should also be marked, when feasible.

Material purchased for service/aftermarket use must be marked with the country of origin at the time of import, and if packaged for resale, the packaging itself must also be marked. The marking rules require that the country of origin font be of the same size or larger and in close proximity to any reference to another city, state and/or country. Commercial invoices must also include the origin.

4.3.5 Direct vs. Indirect Shipments

When preparing the commercial invoice, the “**ship to**” address must reflect the physical flow of the goods. For example, a supplier may sell material to the Canadian Company with an ultimate destination of the Hannon, ON PDC. Per 4.3.1, please contact Ryder for routing instructions.

4.3.6 Documentation & Distribution Requirements

Ocean & Air

The following summarizes the required documents and their method of distribution:

- One (1) copy of the packing list
- One (1) copy of the cargo control document and/or bill of lading
- Four (4) copies of the commercial invoice

**International Motors, LLC.
CUSTOMS INVOICING INSTRUCTIONS, (PR-38)**

The above documents are to be placed in a sealed envelope and marked “*For Presentation to Customs Broker.*” (Insert the broker’s name as directed in 4.3.2.) The envelope is to move with the shipment by attachment to the carrier’s copy of the bill of lading.

Under no circumstances is a shipment to leave your facility without the above documents.

Additionally, a complete set of documents must be emailed or faxed to the Customs Broker’s office per Section 4.3.2 of this document. It must also include the cargo control number (PARS).

4.3.7 Container and Trailer Security

In accordance with C-TPAT requirements, all shipments must be sealed to protect against the introduction of unauthorized material and/or persons. The manufacturer/Shipper shall be responsible for the sealed container/trailer until such a time as the carrier assumes control.

Seals are to be affixed at manufacturer point of origin (loading). Seals will be of the high security type as per ISO guidelines (ISO/PSA 17712, Freight Containers-Mechanical Seals).

Appendix A

Invoice Requirements

Throughout these instructions, special emphasis has been placed on two key process elements within the global logistics chain. Namely:

- Commercial invoice quality, and
- Commercial invoice distribution

The purpose of these instructions is to identify the minimum data that **must** appear on a commercial invoice for use by International Motors's Customs brokers and is also required by Customs authorities.

- Shipper/Seller [name, address and tax identification of the seller of the goods]
- Ship To/Consignee [name, address and tax identification of the party receiving the goods]
- Sold To/Bill To [name, address and tax identification of the buyer if different than consignee]
- Country of Origin of the Goods [if variation by part number, must be shown by line]
- Province of Origin [if Country of Origin is Canada]
- Invoice Date
- Invoice Number
- Currency of Settlement
- International Motors Part Number
- Description of Each Part [must be able to link the invoice description to the USMCA COO description; also, **SEE APPENDIX B FOR AN EXPLANATION OF THE RULES FOR PROVIDING AN ACCEPTABLE DESCRIPTION OF GOODS FOR CUSTOMS' USE**]
- Quantity of Each Part Number
- Unit of Measure
- Unit Price of Each Part Number
- Extended Price of Each Part Number
- Incoterms & Named Place - per contract or purchase order terms, ie. "FCA - Laredo" or "DAT - Port of _____"
 - Terms of Sale - per contract or purchase order terms, ie. 2% net 30
 - Clear Statement the Seller and Buyer are Not Related
 - If the shipment contains reusable containers, then include the reusable container reference number, the description (including the word "reusable"), origin & value. Origin & value (to be declared when returning empty containers) may be obtained from or his back-up, Jones, Kim Kim.Jones@international.com
 - For shipments to Mexico, Canada & the U.S. from suppliers in Mexico, Canada & the U.S. only: ASN (Advance Shipping Notice) number is required to be included on the invoice. For shipments to North America from outside North America, suppliers do not need to provide an ASN, as pre-alerts are required from the forwarder instead.

Appendix B

Description Instructions for Customs Purposes

In support of International Motors's commitment to compliance, a detailed description of each good, material, asset, and/or returnable container, including the International Motors part number, is required on the commercial invoice. It is the description for each good that is:

- a) Determines of a Harmonized Tariff Schedule Classification; which
- b) Determines the duty to be paid by International Motors.

Based on this process, an inaccurate or incomplete description can have adverse consequences. Namely:

- a) An overpayment of duty, which indicates a lack of control
- b) An underpayment of duty, which may result in fines and/or penalties
- c) A shipment delay pending written clarification from the supplier to International Motors's Customs broker prior to release of the goods by Customs authorities

It is beyond the scope of these instructions to provide specific guidelines to describe all goods that International Motors LLC. purchases. However, if the description of the good answers the following questions, the broker will be in a position to classify the goods accurately for Customs' purposes.

- a) What is the good?
- b) What is the good made of?
- c) What are the physical characteristics of the good? i.e. rating, gauge, dimensions, etc.
- d) What are the material or chemical properties of the good?
- e) What is the good used for?

Not every good requires that the description incorporate an answer to all of the above questions. If you are in doubt as to the adequacy of your descriptions, please consult your Customs broker or your legal staff.

**International Motors, LLC.
CUSTOMS INVOICING INSTRUCTIONS, (PR-38)**

Appendix C
FTA Certification Timing

International Motors, LLC
2701 International Drive
Lisle, IL 60532 USA

Re: FTA Certification Solicitation & Response Timing

To: International Motors North American Suppliers,

This letter is to inform you of certification timing expectations in response to various solicitations. It is important to note that suppliers are contractually obligated to meet these requirements.

United States – Mexico -Canada Agreement (USMCA) Documentation Requirements

USMCA certificates and, for ineligible product, country of origin documentation is to be provided as follows:

- Submit Certificates by «DueDate».
- In your response, please include:
 - Your Supplier Site ID («SupplierCode»)
 - The Solicitation ID («ResolvedReqReferenceNumber»)
 - Your customer's name, (International Motors or NewStream)
- Please respond for all products regardless of USMCA eligibility.
- Include Country of Origin even if the products do not qualify for USMCA.
- For each request received, create a new certificate; please do not continue to add parts to a previously submitted USMCA certificate.
- If the products are obsolete, confirm in writing next to the product.
- Use the continuation page attached, if needed.
- Add any other products being supplied to International Motors or NewStream on the USMCA certification.

In some cases, in order to certify, suppliers must request USMCA certification from their tier two suppliers, being careful to request timely responses. International Motors recognizes that occasionally there may be extenuating circumstances that require additional time to obtain/provide this documentation. In consideration of these circumstances, International Motors has established the following performance metrics for providing USMCA and origin documentation:

Type of Solicitation Request

- Emergency (part crossed the border at significant duty cost)
- Monthly (all other parts that crossed border and new parts)
- Annual (all active parts)

<u>Performance Metric: %</u>
<u>Req'd Parts With USMCA</u>
<u>Documentation Provided</u>
100% within 7 calendar days
100% within 30 business days
45% within 45 business days
100% within 90 business days

- International Motors's solicitation process through Livingston includes a request with up to five (5) but no less than three (3) follow-up requests prior to the due date.
 - 3 of the 5 follow ups are automated emails, except for Emergencies with 2 automated emails.
 - 2 of the 5 follow ups could be a direct email or call from the solicitation team.
- If a response has not been received by the due date or if the promise date is missed, 3 past due follow ups will be sent. If a response is still not received, supplier may be escalated to International Motors's Procurement Management.
- Delinquent suppliers, meaning suppliers not providing a response by the due date, will see the deficiency noted on the supplier's scorecard.

**International Motors, LLC.
CUSTOMS INVOICING INSTRUCTIONS, (PR-38)**

Failure to achieve the above performance metrics will result in notation on supplier's scorecard.

Note: For parts with country of origin of Mexico, U.S., or Canada, but indicated as ineligible on the USMCA certificate, International Motors may request supporting documents to confirm ineligibility. In addition, Accumulation value and LVC certification may be requested.

Should you have questions, please don't hesitate to contact us.

Thank you for your support and cooperation,

Renata Rocha
Import/Export Director

Email: shannon.fox@Internatioanl.com
Phone: +(331) 332-1509

Appendix D

Module Reference Numbers

What is a Module Reference Number (MRN)?

- An MRN is a system generated number that represents a unique collection or set of part numbers associated with a job number. MRN is principle to the ABR process but can also be applied to collections of high level parts associated with a job number, i.e. kits. The MRN is not contained in the Bills of Material.
- The MRN can be transmitted ONLY in 866 Sequence Shipment Authorizations.
- Since the MRN is unique to a specific set of parts, whenever ANYTHING changes within that set, a new MRN will be generated. These changes include: raised suffixes on part numbers; addition of part number(s); deletion of part number(s); change in quantity required of any part number(s).
- Because the MRN is unique to a collection of parts, a single MRN can be associated with multiple job numbers.
- A single MRN can be transmitted from multiple plants.
- MRN's require both International and its suppliers to change existing processes to accommodate this new reference number

The Effect on Customs Invoices

- Receiving of ABR parts at International's production facilities is set to occur at the MRN level. (Suppliers are required to transmit all ABR data in the 856 ASN at the Job Level with the MRN)
- To make this possible, the supplier's customs invoice must be shown at the MRN level with the corresponding Job Numbers.
- E-1 shows a sample customs invoice detailing the other required pieces of information: MRN Description, MRN quantity, Unit of Measure (UOM), MRN Price, Extended Price, Currency Type, and Country of Origin.

The Effect on USMCA

- To support International Motor's USMCA processes, the supplier must certify both the MRN and Feature level part numbers.
- It is the supplier's responsibility to provide this certification for all current MRN combinations in an electronic format.
- Please note the examples and instructions shown on E-2. Trace Value is only required for transmissions and engines.

ISF Procedures

ISF FILING PROCEDURES FOR SUPPLIERS, FORWARDERS & STEAMSHIP LINES

International Motors has partnered with Buckland to file their Importer's Security Filing. In order to achieve a timely and compliant filing, the following procedure must be adhered to:

TIMING REQUIREMENTS:

A completed Importer Security Filing (ISF) Form must be returned to Buckland no later than 72 hours prior to cargo loading to the main vessel (Saturdays, Sundays and U.S. holidays are excluded for the purpose of calculating the 72 hours.)

DOCUMENTS REQUIRED:

- 1) **ISF FORM** - The ISF form must be completed and include the International Motors part numbers and country(ies) of manufacture. Forms that do not include all required fields will be returned to the sender for proper completion prior to processing.
- 2) **COMMERCIAL INVOICE** - If the commercial invoice is available at the time of the initial ISF filing, it must accompany the ISF form. If not, it must be provided as soon as it becomes available.

Failure to provide either of the above documents or failure to complete the ISF form in its entirety will cause delays that may result in penalties¹. All noncompliant suppliers and supply chain partners will be escalated to International Motors' procurement contacts as necessary to correct deficiencies in the supply chain.

FORM REQUIREMENTS:

Complete all fields on the ISF form excluding the HTS field. Descriptions and requirements for each field can be found in the "field requirements" tab of the International Motors ISF form or via CBP's website.

RESPONSIBLE PARTIES:

1. Supplier → Forwarder	→	The forwarder provides all documents from the various parties. In cases where the supplier bypasses the forwarder and books directly, the supplier is responsible.
2. Steamship Line → Forwarder	→	
3. Forwarder or Steamship Line → Forwarder	→	
4. Shipper for full containers/ Consolidator for LCL → Forwarder	→	
5. Consolidator → Forwarder	→	

WHERE TO SEND DOCUMENTS:

ISF@buckland.com

WHERE TO FIND MORE INFORMATION ON ISF:

<http://www.cbp.gov/border-security/ports-entry/cargo-security/importer-security-filing-102>

¹ Failure to file, late filings and/or erroneous ISF information can result in a \$5,000 to \$10,000/incident fine to International Motors. Penalties will be charged back to the responsible parties. The Freight Forwarder or Steamship Line assigned by our Freight Forwarder will defend, indemnify and hold harmless International Motors against any and all costs, damages, losses, liabilities, expenses, judgments, fines, settlements and any other amounts of any nature, including reasonable attorneys' fees arising from late or erroneous Importer Security Filings caused by late or deficient documentation received.
